THE BEST

MAHLE Aftermarket makes a 5.7L HEMI® rebuild easier!

This MAHLE Original® MLS replacement head gasket is a **CONSOLIDATED DESIGN** fitting all 5.7L Hemi 2003-2014 engines. The head gasket has been tailored to engine builders by accommodating 0.030" overbore. A thicker, four-layer gasket is also available to allow for cylinder head/cylinder block resurfacing providing the greatest flexibility in block/deck, cylinder head, and cylinder bore corrections.

No need to stock two different gaskets depending on the engine year.

MAHLE Original

Consolidated design for 2003-2014 Eagle and Non-Eagle engines.*

Three-layer standard thickness gasket: Part no(s). 54417A and 54418A. Four-layer thicker option: Part no(s). 54417B and 54418B.

OE

*2009-2014 Eagle**

*2003-2008 Non-Eagle**
